

Fermati Bookcase

By TREVISAN Glaunicco

Description

The Modern Fermati Bookcase is a celebration of harmony, precision, and architectural design. Clean geometric volumes and carefully balanced proportions create a composition that is both rigorous and visually dynamic, transforming a functional piece into a sculptural statement. Its contemporary character is defined by painted aluminum elements that emphasize crisp lines and refined simplicity, while handcrafted, hand-painted ceramic supports introduce warmth, individuality, and artisanal craftsmanship. The dialogue between industrial precision and traditional handcraft creates a distinctive aesthetic where every detail contributes to the overall composition. Made in Italy.

Finishes & Materials

Structure: Wood

Supports: Ceramic

Fermati Bookcase

Dimensions

Size: 65"W x 22"7/8D x 69"5/8H

Model: Fermati Bookcase
