

Unisono Sideboard

By Giorgio Soressi

Description

The Modern Unisono Sideboard celebrates the harmony between color, material, and artisanal craftsmanship. Its vibrant yellow lacquer evokes the warmth, light, and vitality of the sun, while hand-applied gold leaf introduces a sense of passion, depth, and refined luxury. These luminous finishes are beautifully contrasted by the rich, distinctive grain of Amara Ebony, adding structure, character, and sophistication to the composition. Every element is carefully balanced to create a piece that is both visually striking and timeless. Made in Italy.
