

118 Stem Suspension

Description

A masterclass in horizontal balance and linear poise, this lamp suspends hand-blown glass orbs along a sleek metallic bar. Each clear sphere reveals a delicate cluster of opal formations, casting a warm, atmospheric downlight. Hovering weightlessly in space, the fixture's clean geometric axis offers an intriguing contrast to the fluid, organic glass detail.

Specifications

Mounting: Suspended

Lamp: 1W LED - 100 lm - 2500K/2700K/3000K.

Materials: Blown glass, brass stem, electrical components.

Power Supply: Integral.

Bocci recommends remote mounting power supplies for ease of long-term maintenance.

Environment: Indoor, dry location. IP20.
