

141 (Small)

Description

Suspended by fine, subtle wires and sculptable cables, this balanced grouping of illuminated glass elements creates a poetic, floating illusion. Each organoid glass disc reveals fine air bubbles trapped within its translucent surface, folding gently around a warm central light element. The fluid interplay of cables and organic glass shapes offers an artful expression of light, texture, and physical poise.

Lamps can hang from any number of optional anchor points mounted away from the canopy. Pendants anchor kit included.

Remote mounted power supplies recommended for ease of long term maintenance.
Installation to be done by certified personnel to ensure code compliance.

Each pendant comes standard with 137"3/4 of coaxial cable. Upcharge applies for lengths over 137"3/4.
Cable length can be adjusted on site.
