

Sticks Dining Table

By Cane-Line

Description

The Modern Outdoor Sticks Dining Table combines contemporary design with inspiration drawn from the natural elegance of sticks. Designed as a durable centerpiece for outdoor dining, it is well suited for both everyday meals and gatherings with family and friends. Its distinctive expression brings a refined connection to nature, while pairing easily with other pieces from the Sticks collection for a cohesive outdoor setting. Because the tiles are made from natural materials, each one is unique and may feature slight variations in color and texture. Made in the EU.
