

Boscolo

Description

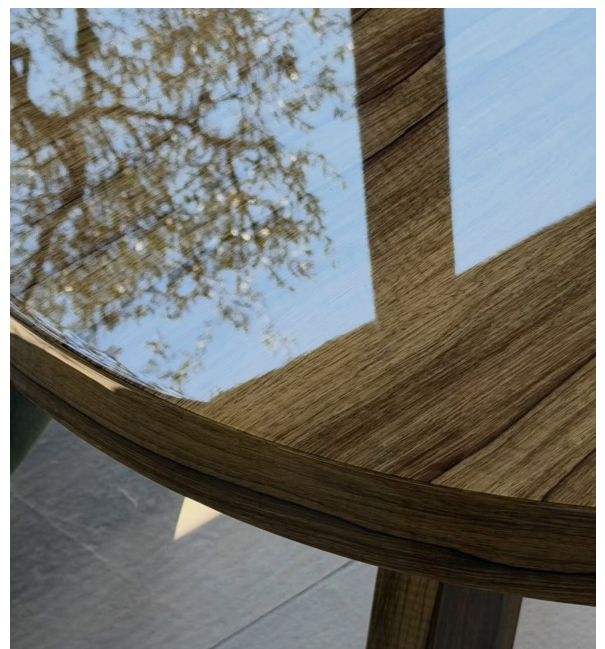

Defined by its architectural presence and refined silhouette, the Boscolo Lounge Table brings a rich sense of warmth and understated sophistication to modern luxury interiors. Its expansive circular top, highlighted by a rich high-gloss wood veneer, is anchored by a dynamic, splayed leg structure, creating an immediate visual impact that balances relaxed elegance with master Italian craft.

Its polished surface captures and reflects light, accentuating the deep organic grain and natural richness of the wood, while the recessed underside of the top subtly reveals our characteristic CASA CASATI orange.
