

Boscolo

Description

Defined by its architectural presence and refined silhouette, the Boscolo Table brings a rich sense of warmth and understated sophistication to luxury interiors. Its circular top is anchored by a dynamic, splayed leg structure, creating an immediate visual impact that balances timeless elegance with modern Italian craft.

The table's distinctive angled base tapers gracefully toward subtle metallic accents at the feet, giving the piece a grounded yet expressive poise. Its lacquered, high-gloss surface captures and reflects light, highlighting the organic depth and fluidity of the design, while the recessed underside of the top subtly reveals our characteristic CASA CASATI orange.

Finishes & Materials

Structure: MDF finished in veneer or glossy lacquer
