

Boscolo

Description

The Boscolo Marble Table is a testament to the timeless allure of precious stone, featuring a spectacular circular top carved from a single slab of exquisite marble. Anchored by a dynamic, splayed leg structure, the expansive marble surface creates a powerful architectural presence that balances natural grandeur with master Italian craft.

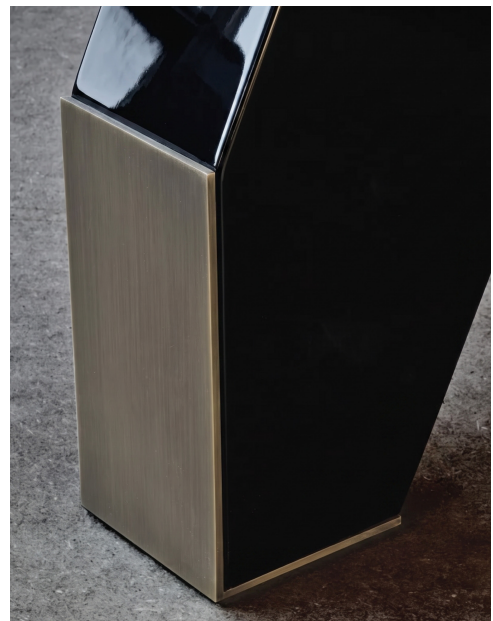

Its highly polished surface captures light, highlighting the intricate veining, organic depth, and unique geological history of the stone, creating an atmosphere of deep, natural luxury. A subtle, sophisticated secret resides beneath the marble: the recessed underside of the top is finished in our characteristic CASA CASATI orange, adding a playful yet refined touch of brand identity.
