

Santos XL

Description

The Santos XL Sectional reinterprets the iconic Santos design through a softer and more fluid aesthetic, creating generous compositions dedicated to comfort and outdoor living. Its rounded forms and generous upholstered volumes introduce a sense of visual softness while maintaining the distinctive architectural character of the collection.

At the heart of the design is a strong geometric structure that supports a series of generous upholstered elements, creating a continuous composition where individual volumes appear to flow naturally into one another. This interplay between structure and softness gives Santos XL a welcoming, contemporary presence.

Inspired by the freedom and expressive spirit of the 1970s, Santos XL translates those influences into a sophisticated contemporary language. Its modular character allows the creation of expansive seating arrangements that can define large outdoor areas, create intimate islands of relaxation, or subtly organize terraces and open landscapes.

Made in Italy.

Please Note: The upholstery cannot be exposed to constant and heavy rains.

Finishes & Materials

Seat & Back Upholstery: Outdoor Fabrics. Multi-density expanded polyurethane. Inner Cover in waterproof polyester coupled with resin lining 200gr, water and moisture protection.

Back Cushion: Polyester fiber covered with waterproof fabric and breathable lining.
