

AIR-BAR0197 Bar Counter

By Arteinmotion - Aeronautical Collection

Description

The Transitional AIR-BAR0197 Bar Counter is crafted from the engine cowling of a Douglas DC-8, turning an authentic aviation component into a distinctive bar counter or reception desk. Its mirror-polished finish emphasizes the curved form of the cowling, while the visible aircraft detailing preserves its strong aeronautical character. An extra-clear glass top is supported by four mounts, while the desktop is finished in black plexiglass for a sleek contrast against the reflective metal exterior. The AIR-BAR0197 combines aviation heritage with a dramatic contemporary presence. Made in Italy.

Finishes & Materials

Cowling: Metal

Desktop: Glass

Upper Top: Glass
