

AIR-ELI0147 Wall Propeller

By Arteinmotion - Aeronautical Collection

Description

The Transitional AIR-ELI0147 Wall Propeller is a large-scale four-blade propeller complete with its central spinner, sourced from various vintage aircraft depending on availability. Its authentic aircraft form is preserved as a wall-mounted decorative piece, creating a strong sculptural presence inspired by classic aviation engineering. A mirror-polished finish enhances the blades and spinner with a highly reflective surface, emphasizing the propeller's aerodynamic shape and mechanical character. With its substantial scale and distinctive four-blade configuration, the AIR-ELI0147 serves as a bold aviation-inspired centerpiece for spacious interiors. Made in Italy.
