

141 (Large)

Description

Monumental in scale and sculptural in expression, this suspension lamp creates an extraordinary cascade of luminous glass forms that extends through the space with remarkable presence. Suspended at varying heights, its organically shaped pendants appear to float within the composition, forming a layered installation defined by movement, depth, and a warm atmospheric glow.

Remote mounted power supplies recommended for ease of long term maintenance.
Installation to be done by certified personnel to ensure code compliance.

This fixture requires design drawings to determine the specific cable lengths. Please review the length measuring guide and send it to our Sales Department. We will provide drawings for approval, which are required before Bocci can begin production. Please contact us for any inquiries.
