

Genesis Conference

Design: Tiziano Dainese & Valuenet associati

Description

The Genesis Office Conference Table features a large octagonal configuration composed of four central top tables and four corner tables, accommodating up to 20 people. The tabletop is available in wood, leather, or glass, with mixed configurations combining leather and wood sections. The table is supported by polished aluminum legs or legs covered in thick leather, offering two distinct material treatments for executive conference environments. Made in Italy.
