Opportunity

Description

The Opportunity modular sofa combines sculptural design, exceptional comfort, and thoughtful functionality for contemporary living spaces. Its distinctive slanted backrest creates an open space beneath it, providing a convenient area for a coffee table or console.

The structure combines multilayer and solid wood with a seat base of interwoven elastic belts. The seat and backrest are padded with polyurethane foam for lasting softness and comfort. Non-removable upholstery is available in fabric or leather, finished with matching piping along the edges of the backrest and armrests. A black solid beech wood base completes the design, accented by a metal arch-shaped logo on the front left side of each sofa composition

With versatile modular configurations and soft, organic curves, the Opportunity modular sofa brings a distinctive contemporary touch to modern living rooms and lounge areas. Made in Italy.
