

Selleria

Description

The Selleria sectional brings a fashion-forward touch to contemporary living spaces, combining expressive color with refined Italian design. Its versatile palette is inspired by seasonal fashion collections, adding a distinctive pop of character while maintaining a sophisticated look.

The structure is crafted from plywood and solid beech, with a seat base supported by interwoven elastic belts. High-density polyurethane foam padding provides lasting softness and comfort, while the non-removable fabric upholstery features matching piping along the backrest and armrests, vertical stitching on the seat cushion, and distinctive leather details on both armrests. Black wooden legs complete the design.

The Selleria sectional can be paired with the Qube coffee table, with glossy lacquered finish and matching top. This combination creates a cohesive and stylish setting for modern living rooms. Made in Italy.
