

Tetris

Description

Versatile and inviting, the Tetris sectional sofa brings a flexible approach to contemporary living room design. Its modular configuration allows for different compositions, making it easy to adapt the seating arrangement to a variety of interior spaces. The structure combines multilayer and solid wood with a seat base supported by interwoven elastic belts. Multiple layers of variable-density polyurethane foam create a particularly soft and comfortable seat, while the backrest cushions are made of high-resilience polyurethane foam in different densities for lasting support.

The non-removable upholstery is offered in fabric or leather and features matching piping along the backrest and armrest inserts. A natural-finish solid wood structure supports the backrests, with personalized polyamide belts securing them to the wooden supports. Each composition is completed with a black solid beech wood base, adding a clean, contemporary foundation to the design. Combining adaptable modularity, generous comfort, and refined Italian craftsmanship, the Tetris sectional sofa is a distinctive choice for modern living rooms and spacious lounge areas. Made in Italy.

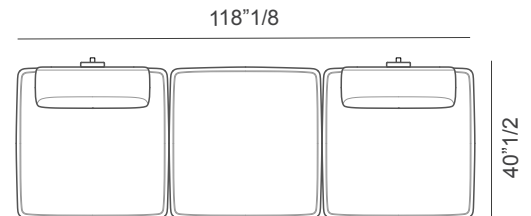

Tetris

Dimensions

Composition A:

~118"1/8W x ~40"1/2D x 26"3/8H

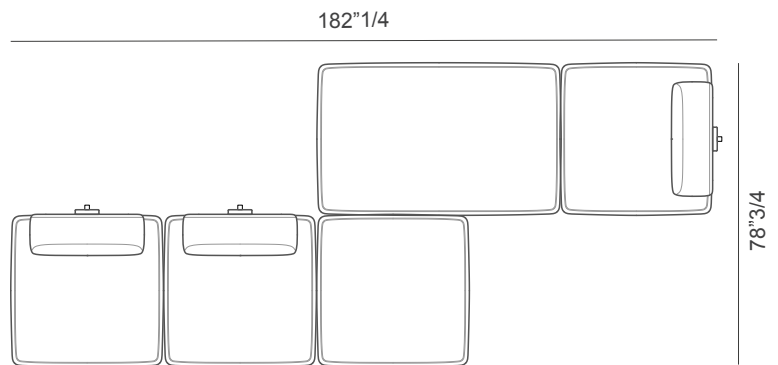

Seat height: 15"3/4

Composition B:

~182"1/4W x ~78"3/4D x 26"3/8H

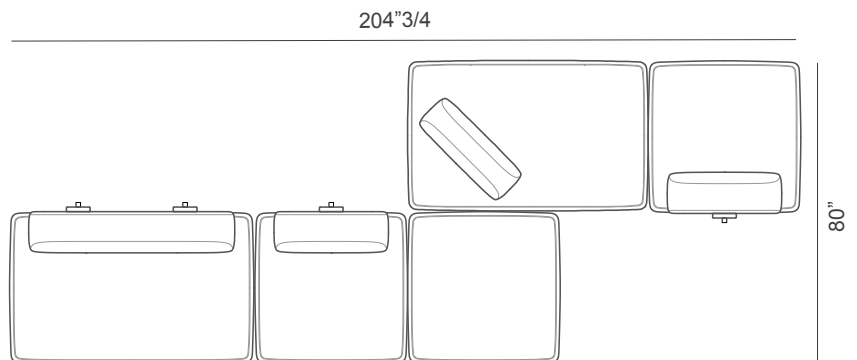

Seat height: 15"3/4

Composition C:

~204"3/4W x ~80"D x 26"3/8H

Seat height: 15"3/4

Composition D:

~120"1/4W x ~78"3/4D x 26"3/8H

Seat height: 15"3/4
