Smile

Description

The Smile Sofa embodies a sophisticated approach to contemporary living, combining clean lines, inviting proportions, and thoughtful detailing. Its elegant silhouette is complemented by a refined metal base in Titanium Dark, creating a subtle contrast that enhances its modern appeal. Designed to balance visual elegance with everyday comfort, the Smile Sofa brings a distinctive presence to a variety of interior settings.

For added versatility, the Smile Sofa can be equipped with a rechargeable wireless battery, available separately, allowing the sofa to be positioned away from wall outlets without visible power cables crossing the floor. The battery can be conveniently recharged by connecting it to a wall outlet when needed, offering greater flexibility in arranging your living space.

Finishes & Materials

Structure: Wooden frame fitted with an elastic webbing suspension, covered with stress resistant undeformable polyurethane foam.
Paddings: Double density polyurethane foam and padding.
Covering: In leather or fabric, not removable.
Feet: In metal 5" high in Titanium Dark color.
Features: Headrest with adjustable movement on all versions with back.

Specifications

Electric Reclining Mechanism
The electric reclining mechanism allows you to adjust the backrest, seat position, and footrest at the touch of a button. Featuring a Zero Wall system, the sofa can fully recline without needing to be moved away from the wall. The mechanism operates through a power connection to a standard wall outlet.

Optional Battery Kit for Recliner
An optional rechargeable Battery Kit for Recliner is available for purchase separately, allowing the electric reclining mechanism to operate wirelessly without requiring a permanent connection to a wall outlet. This provides greater flexibility in sofa placement while keeping power cables out of sight.
