

Malou Bed^{H17}

Design: Maurizio Varsi

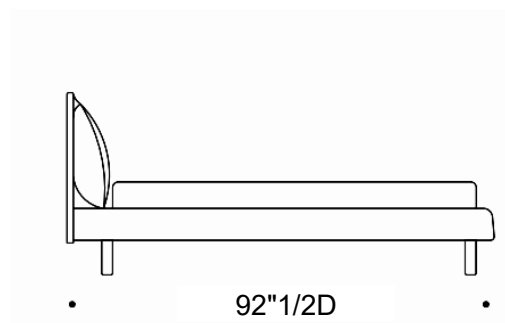

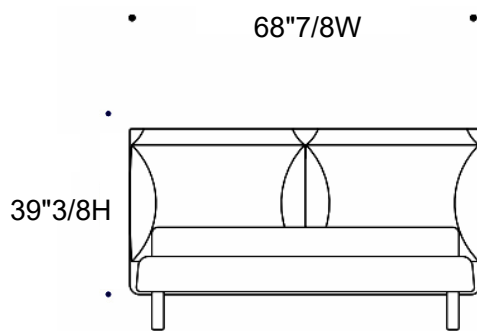

Description

Upholstered bed with contemporary lines and soft, generous volumes, conceived for maximum comfort both for sleeping and for relaxing. The headboard is composed of two large reclining cushions which, with a simple movement, can be shifted from a position of total relaxation to one more suitable for reading. The cushions are filled with soft materials that provide comfortable support in every position. Behind the cushions, an upright headboard frame with clean, linear edges holds them in place and defines the bed's outline.
