Mio Bed

Design: N'Lab

Description

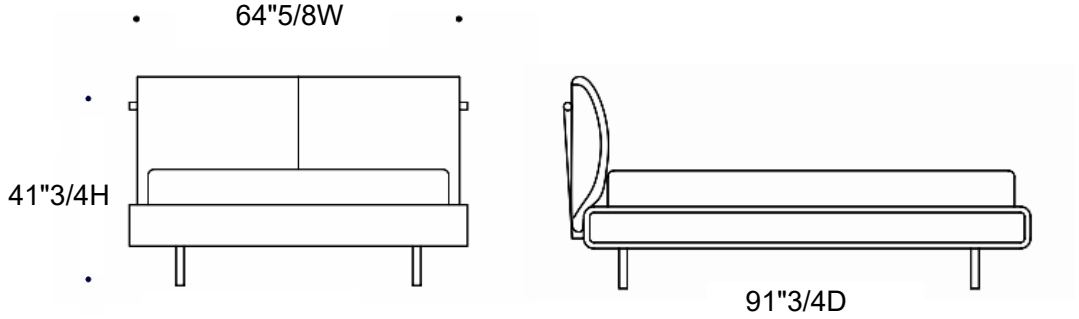

Upholstered bed defined by sinuous lines and a strong, characterful design. The headboard is formed by soft foam cushions, which rest against a wooden backrest and are held in place by a wooden cylinder running across the back; this structure gives the headboard visual lightness and a dynamic profile. The bed base is built on a solid wood frame and fully wrapped in soft upholstery, with rounded edges that echo the curved lines of the headboard. The base sits slightly raised off the floor, keeping the overall silhouette light. The upholstery is available in a wide range of fabrics, allowing the bed to be fully customized to individual taste. Made in Italy.

Noctis

Bed Systems Available:

FIX

FIX: Featuring an orthopedic slat bedstead with dual central support and fourteen 65 mm birch slats, this frame serves as the sturdy foundation of the bed.

SB

Secret Box: An innovative breakthrough by Noctis designed to set a new standard for storage beds. It offers a discreet, hidden storage area that seamlessly blends into the bed frame. Perfect for keeping personal items or valuable keepsakes safe and out of sight, the Secret Box completely disappears when the bed is closed.
