Capasa Fire Pit

By Silvio del Ponte for PRIMAR

Description

The Contemporary Capasa Fire Pit is part of the Capasa collection, which includes both vases and a fire pit. Carved from a single block of natural stone and hollowed from within, the design emphasizes the strength, depth, and sculptural qualities of the material. Its distinctive form allows the piece to take on different roles, from a purely decorative object to a functional fire pit. By combining traditional stone craftsmanship with a clean contemporary expression, Capasa creates a strong material presence that balances function, simplicity, and sculptural design. Made in Italy.
