

Galatone Table

By Ludovica + Roberto Palomba for PRIMAR

Description

The Contemporary Galatone Table is defined by the organic shape of its stone top, outlined by a metal structure that emphasizes the table's distinctive profile. The stone legs are set apart from the top, creating a visual sense of lightness despite the solidity of the material. A subtle line of color helps unify the composition while reinforcing the table's refined balance and airy character. The result is a contemporary design that brings together natural stone, metal, and carefully considered proportions in a cohesive architectural form. Made in Italy.

Finishes & Materials

Top: Stone

Top Supports: Metal

Legs: Stone
