Perseo

Description

The Perseo Sectional embodies a refined balance of contemporary elegance, inviting comfort, and functional design. Its sturdy wooden frame provides a solid and reliable foundation, while the carefully selected polyurethane foam padding ensures lasting support and a welcoming seating experience. Defined by harmonious proportions and clean lines, its sophisticated silhouette brings a timeless appeal to a variety of interior settings, making it an elegant addition to both modern and classic living spaces.

Designed with comfort and durability in mind, the Perseo features carefully engineered cushioning that offers a pleasant balance of softness and support. Its upholstery is available in a choice of premium leather or fabric, allowing for a personalized finish that complements different interior styles and aesthetic preferences. The combination of quality materials and refined finishes enhances its overall character while ensuring versatility for everyday use.

Dimensions

Size: 95"5/8W x 42"1/8D x 32"1/4H
Cod. 252 - 601 - 103 - 135

Specifications

Electric Reclining Mechanism
The electric reclining mechanism allows you to adjust the backrest, seat position, and footrest at the touch of a button. Featuring a Zero Wall system, the sofa can fully recline without needing to be moved away from the wall. The mechanism operates through a power connection to a standard wall outlet.

Optional Battery Kit for Recliner
An optional rechargeable Battery Kit for Recliner is available for purchase separately, allowing the electric reclining mechanism to operate wirelessly without requiring a permanent connection to a wall outlet. This provides greater flexibility in sofa placement while keeping power cables out of sight.
