Ravenna

Description

The Ravenna Sectional combines contemporary elegance, thoughtful functionality, and exceptional comfort in a timeless design. Its solid wooden frame, supported by variable-elasticity webbing, provides a durable foundation for lasting support. Each composition includes one seat equipped with an integrated electric reclining mechanism, allowing for effortless adjustment and personalized relaxation. The carefully engineered structure incorporates non-deformable polyurethane foam and dual-density padding, complemented by a soft layer of wadding to create an inviting seating experience while maintaining its shape over time.

Available in a refined selection of leather or fabric upholstery, Ravenna brings versatility and sophistication to any living space. Its discreet feet enhance the sofa's clean silhouette, while the individually adjustable headrests provide additional support, adapting effortlessly to different relaxation preferences.

Finishes & Materials

Structure: Wooden frame fitted with an elasticized webbing suspension, covered with stress resistant undeformable plyurethane foam.
Paddings: Double density polyurethane foam and padding.
Covering: In leather or fabric, not removable.
Feet: In plastic, not visible.
Features: Headrest with adjustable movement on all versions with back.

105”7/8W

Composition B - Medium:

98”3/8W

Composition A - Big:

123”1/4W

Composition B - Big:

123”5/8W

Specifications

Electric Reclining Mechanism
The electric reclining mechanism allows you to adjust the backrest, seat position, and footrest at the touch of a button. Featuring a Zero Wall system, the sofa can fully recline without needing to be moved away from the wall. The mechanism operates through a power connection to a standard wall outlet.

Optional Battery Kit for Recliner
An optional rechargeable Battery Kit for Recliner is available for purchase separately, allowing the electric reclining mechanism to operate wirelessly without requiring a permanent connection to a wall outlet. This provides greater flexibility in sofa placement while keeping power cables out of sight.
