3362 Chest of Drawers

By Bellotti Ezio

Description

The Traditional 3362 Chest of Drawers by Bellotti Ezio brings classical elegance and refined craftsmanship to the bedroom. Designed as both a practical storage piece and a decorative furnishing, it features balanced proportions and a traditional character that allows it to integrate naturally into sophisticated sleeping areas. Its distinctive finish is created with LAFM lacquered brushed French tempera in Meringue White over a gold leaf base. This layered treatment gives the surface subtle depth and warmth, combining the softness of the light-toned finish with the decorative richness associated with gold leaf. The brushed effect enhances the classical character of the chest while giving the finish a more nuanced and gently aged appearance. Made in Italy.
