3364 Desk

By Bellotti Ezio

Description

The Traditional 3364 Desk by Bellotti Ezio combines traditional craftsmanship with a refined and practical approach to the home office or study. Its elegant proportions and carefully balanced design give the piece a sophisticated presence, while the integrated leather insert adds both visual richness and a distinguished working surface. The structure is finished in LAFM lacquered brushed French tempera in Meringue White over a gold leaf base (For the one shown in pictures). This layered treatment creates subtle depth and warmth, softening the decorative character of the gold leaf while preserving a refined sense of luxury. Made in Italy.
