3732 Sofa

By Bellotti Ezio

Description

The Traditional 3732 Sofa by Bellotti Ezio is a compact upholstered sofa that combines classical craftsmanship with elegant decorative detailing. Its finely worked wood frame defines the silhouette through slender legs, carved accents, and softly rounded lines, creating a graceful structure with a distinctly traditional character. The broad backrest features an intricate woven panel framed by carved wood, introducing visual lightness while highlighting the artisanal quality of the construction. A generously padded seat upholstered in richly patterned fabrics adds comfort and color, while the coordinated round accent cushions reinforce the refined decorative composition. Made in Italy.
