5034 Console

By Bellotti Ezio

Description

The Traditional 5034 Console by Bellotti Ezio is a refined furnishing that brings together the richness of natural stone and the warmth of traditional wood craftsmanship. Its top and side surfaces are finished in Portugal Pink marble, a material distinguished by soft tonal variations and delicate natural veining that give the console an elegant and luxurious presence. Supporting the marble structure is a finely carved wooden base finished in a warm walnut tone. The carved details introduce depth and decorative character while emphasizing the artisanal quality of the piece. This contrast between the cool elegance of the marble and the warm richness of the wood creates a balanced and sophisticated composition. Made in Italy.
