9335 Dining Table

By Bellotti Ezio

Description

The Traditional 9335 Dining Table by Bellotti Ezio is a refined statement piece designed to bring artistry and traditional elegance to the dining room. Measuring 106″1/4 in width, the table offers a generous surface while making its strongest impression through the elaborate decoration applied entirely by hand. A composition of peonies in delicate shades of pink, peach, and white extends across the tabletop, arranged in a mirrored, symmetrical layout that gives the design a sense of harmony and balance. The subtle variation in color creates depth and softness, while the handcrafted execution gives the floral decoration an individual, artistic character. Made in Italy.
