9339 Console

By Bellotti Ezio

Description

The Traditional 9339 Console by Bellotti Ezio is a sophisticated classic furnishing that highlights the brand's craftsmanship through elaborate handmade carving and a carefully layered decorative finish. Its sculptural form and refined proportions give the piece a strong presence while preserving the elegance associated with traditional interiors. The carved details are executed by hand, creating depth, movement, and a distinctive artisanal character throughout the structure. These decorative elements enrich the silhouette and emphasize the quality of the workmanship, turning the console into more than a functional surface and making it an important decorative feature within the room. Made in Italy.
