## *Description*

The Madrid Sofa embodies a sophisticated balance of contemporary design, refined details, and exceptional comfort. Its sturdy wooden frame, supported by variable-elasticity webbing, provides a reliable foundation for optimal support and lasting durability. The non-deformable, dual-density polyurethane padding, complemented by soft wadding, ensures a comfortable and inviting seating experience while maintaining its shape over time.

Upholstered in high-quality leather, Madrid showcases a refined appearance that enhances its elegant character. Its polished metal legs introduce a sleek, modern accent, while the contrast piping adds an extra layer of visual sophistication. For a more harmonious look, the piping can also be customized upon request to match the upholstery color.

## *Finishes & Materials*

**Structure:** Wooden frame fitted with an elasticised webbing suspension, covered with stress resistant undeformable polyurethane foam.
**Paddings:** Double density polyurethane foam and padding.
**Covering:** In leather or fabric, not removable.
**Feet:** In metal 13,5 cm high, with polish chrome finishing.
**Features:** This model is provided with contrast piping (as per photo).
