AtelierM Double Bed

Design: Gino Moschetti

Description

The contemporary AtelierM Double Bed by Flou showcases an exceptional balance of refined craftsmanship, sophisticated tailoring, and modern design. Reflecting the brand's commitment to manufacturing excellence, AtelierM features an elegantly upholstered headboard characterized by soft, linear contours and a distinctive vertical pleated detail that interrupts its smooth surface, adding subtle texture and visual interest. The bed's defining feature is its minimalist base, carefully framed within a folded sheet-metal profile that reveals the corners and incorporates the Flou logo, precisely laser-etched along the front edge. Made in Italy.
