Four Lux Square Sink

Design: MaestroBath

Description

Square undermount bathroom sink, designed to be mounted beneath the countertop. The basin has straight vertical walls, sharp corners and a flat interior base, forming a precise, geometric profile. It is made from premium materials and has a smooth, nonporous surface that resists stains and is easy to clean. The undermount installation leaves a clean, continuous countertop surface and maximizes usable counter space. Its minimalist design suits ultra-modern and transitional bathroom settings. Made in Italy.

Material: Pert/Acrylic
